Unit Aptitudes

| | |
|------------------------------|---|
| Authority of the Inquisition | While this model is leading a unit, it can embark within any Transport that its Bodyguard unit can embark within. |
| Psyculum | While this model is leading a unit, ranged weapons equipped by models in that unit have the Anti-Psyker special rule. |
| Aura of Oppression | Warp Charge: 1 or 3 - Aura of Oppression is a malediction that targets a single non-vehicle enemy unit within 12". The target unit must immediately take a Pinning test. Even if this test is passed, whilst this power is in effect, the target unit cannot Run, Turbo-boost, perform Sweeping Runs or fire Overwatch. Alternatively, you can attempt to manifest this power at Warp Charge 3 (decide before rolling). If you do so, this power targets all enemy non-vehicle units within 12" of the caster. |
| Indomitable Will | When making a Deny the Witch test, Inquisitor Greyfax always counts as having a higher Mastery Level than the Psyker manifesting the power. |
| No Escape | Each time an enemy unit (excluding Monster and Vehicle units) that is within Engagement Range of one or more units with this special rule is selected to Fall Back, models in that enemy unit must take Desperate Escape tests as if their unit was Battle-shocked. When doing so, if that enemy unit is also Battle-shocked by other means, subtract 1 from each of those Desperate Escape tests. |
